a. Reference

The inventorying and reboxing of 8,100 cubic feet of NIS material has been completed. It is anticipated that the inventorying and reboxing of the remaining intelligence material will be more involved and time consuming due to the copy numbers on the reports.

b. General

25X1A9a

Messrs. [REDACTED] of the Logistics Office visited the Center Monday and recorded the sound effects of the air-condition system. It was determined that everything possible would be done to deaden the sound of the aircondition system at the time of construction of the new addition to the Center.
